LEADERS / CHURCHES
Leadership by Area and County

The state of Ohio is divided into ten regional fellowships according to the map below. These regional fellowships are the heart of our association. Churches and pastors are listed by fellowship area and county in the next few pages, though fellowships do not necessarily follow county lines.

Pastors meet monthly for connection and encouragement, often challenged by a speaker or just for lunch and fellowship. In some areas the wives are included at all meetings or on occasion.

Churches of the area fellowships often network for combined services, such as Good Friday or evenings of praise and worship, service projects, and support of one another as needs arise. Ladies have organized to promote the OWM and missions in some areas.

Participation in a regional fellowship is encouraged to fully experience the benefits of the Association. Leadership is provided by local pastors and ladies from the area churches. Contact information is listed for the leadership of each fellowship region.
